Dear Sir/Madam:

The California Air Resources Board (ARB) staff invites you to participate in the Portable Engine work group meeting on Friday, January 31, 2003. The purpose of the work group meeting is to update work group members on ARB activities related to portable engines and to discuss the proposed development of an air toxic control measure (ATCM) to reduce diesel particulate matter emissions from diesel-fired portable engines. Handouts for the meeting will be posted on our web site located at:

<http://www.arb.ca.gov/diesel/portdiesel.htm>

one week prior to the meeting. Handouts will also be available at the work group meeting. The meeting will be held at the following time and location:

Date: Friday, January 31, 2003
Time: 10:00 a.m. to 2:00 p.m.
Location: California Air Resources Board
Monitoring and Laboratory Division
Conference Room
1927 13th Street
Sacramento, California 95814

We welcome and appreciate your participation in this work group. If you have questions regarding the work group meeting, please contact me at (916) 322-6026.

Sincerely,

/s/

Michael J. Tollstrup, Chief
Project Assessment Branch

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our web site: <http://www.arb.ca.gov>.
